

Jenni, Charlie and I have been thinking of you all at home with your whanau. We hope you are all taking good care of each other. Like you, I have been doing loads of different things at home like learning online, making things, baking and having Zoom chats with people close to me who aren't in my bubble, including my Nana and Pop and Possum, Rabbit and Kea!

I'd love to hear from you – if you want to email me or send pics of what you have been up to, click [here](#).

Nga mihi  
Harold
